CareerFoundry

Front-End Specialization

B.S. in Electrical & Computer Engineering

SEP 2015 – JUN 2019

University of Washington, Seattle
Power Design Concentration

ABOUT

I am a UX/UI designer with experience in front-end development and engineering. I combine my newly-found creative and well-practiced analytical mindset to craft experiences with and for people. When not designing, find me playing video games, baking, or practicing pilates

EXPERIENCE

UX Design Specialist

STARTING JAN 2023

SAP

- Joining the SAP Next Talent Program as part of the design track

UX/UI Designer (Contract)

JUN 2022 – DEC 2022

Rowy

- Re-designed the authentication and onboarding process given strict external constraints, seeing a 15% increase in user sign up completion
- Designed new navigation, subscription, demo, and other upcoming features for both the Rowy product and website

Graduate Engineer

JAN 2020 – APR 2021

Arup

- Designed building power systems based on client and team needs, producing 100+ design deliverables across 13 unique projects
- Social Committee Lead and Connect Women Co-lead

Engineering Intern

JUN 2019 – SEP 2019

Katerra

- Cross-checked engineering designs based on building owner and team needs, resulting in a design package of 80+ code compliant drawings for a multi-building apartment complex

Engineering Intern

JUN 2018 – SEP 2018

City of Tacoma

- Designed power systems for new residential homes, helping 20+ projects move forward in construction
- Performed site visits to communicate with customers, form feasible solutions for new projects, and facilitate existing project builds

PROJECTS

Mesh

MAR 2022 – MAY 2022

[tinacai.me/mesh.html]

- Worked alongside a product manager and developer to design and ship a solution that empowers early-career tech talent to network
- Took responsibility of product HTML documentation and CSS styling to assist development team and ship proposed MVP on time

Personal Design Portfolio

NOV 2021 – FEB 2022

[tinacai.me]

- Designed and hand-developed an online portfolio to showcase design case studies and practice front-end development
